SUMMARY

I learned a lot thanks to the program of the di-learning platform. We learned languages usually but certainly not with the rigor that this program imposes on us. It is obvious that the experience I now have in python and javascript programming is the result of my participation in this beautiful training.

TECHNICAL SKILLS

J'ai appris :
Javascript,
HTML,
CSS,
DOM,
PYTHON,
JAVA,
PHP,
SQL,
POO,
C/C++,
